

**The Metacognitive Classroom:
Strategies for Deeper Learning**

Unlock the Power of Metacognition to Transform Student Learning

This CPD-accredited course will show you how to integrate metacognitive strategies that go beyond the basics, helping students take ownership of their learning. From modelling expert thinking to scaffolding tasks and fostering meaningful group discussions, this course provides practical approaches that transform classrooms into spaces where lasting understanding thrives.

1. Getting started:

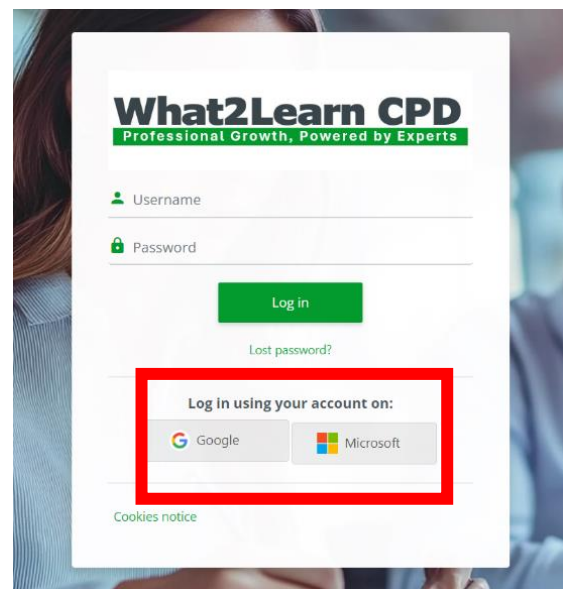

Please visit <https://courses.what2learn.com/login/>

2. Logging in

You will be directed to What2Learn CPD. Please select the option to log in using either a Google or Microsoft account.

If you don't have a Google or Microsoft account then please select 'Google' and you will be able to create an account.

Make sure you use the Google / Microsoft buttons at the bottom; **don't enter details into the username and password boxes.**

3. Accessing the CPD course

Once logged in you will be asked to access the user agreement policy. Then, please select 'Available courses' from the top navigation bar and then select the course 'The Metacognitive Classroom: Strategies for Deeper Learning':

The Metacognitive Classroom: Strategies for Deeper Learning
Education_Sector

Incorporating metacognition into teaching practices can significantly enhance students' learning experiences by helping them become more aware of their thinking processes. This course equips educators with practical strategies to implement metacognitive approaches in the classroom, fostering deeper understanding and improved academic outcomes.

Course Author: Nathan Burns, also known as "Mr. Metacognition," is an experienced educator, author, and consultant.

5. Undertaking units

The course is divided into several units. Each unit consists of presentations and ends with an on-screen assessment. Please read through each of the presentations carefully and complete all interactive and reflection activities.

At the end of each activity, press the green 'Back to Course' button.

End of module assessments must be passed with scores of 80% or more. You can only attempt each assessment twice per day. At the end of each assessment, please ensure you press the green 'Submit All and Finish' button to submit your answers for assessment. The final AI-powered assessment task has a pass score of 60%.

6. Certification

The CPD-accredited Certificate of Completion is unlocked once you have successfully completed all assessments. We recommend you download and print it for your own professional development records
